

I understand there may be a chance of Cincinnati losing our Air 1 radio station due to a pending decision of the FCC. Please do not deprive us of this service. Air 1 is a unique station, serving many who would not have access to anything of this type otherwise. This is a life-changing station, urging people in the community who might otherwise be involved in criminal activity to keep the moral high ground. As morals in Cincinnati decline, stations such as Air 1 are needed more and more. Thank you for your time, and, hopefully, for your right decision.
